65 ANDERSON COUNTY PEOPLE RECEIVE \$50

WILL BE PAID TO THEM BY
FORD MOTOR CAR
COMPANY

OVER 300,000 SOLD

Mr. Archie Todd in This City Has
Sold His Share of the Automob-
iles and Sales Increasing.

Mr. Archie Todd stated yesterday that during the past year he had sold 65 Ford automobiles in Anderson county and that these 65 owners would share in the great profit sharing disbursement of the company on July 31.

Last year it was agreed by the Ford Motor Car company that if 300,000 or more of their cars were sold from July 31, 1914, to July 31, 1915, each purchaser would receive \$50 each. More than 300,000 have already been sold.

As stated above 65 people have bought Ford cars in Anderson county and these will receive a check on or about July 31 for \$50, making a total of \$3,250 that will be sent into this county.

On that date the Ford company will pay out over \$1,500,000 the disbursement to be participated in by over 300,000 people in the United States. It will take over \$6,000 postage to send out the checks to these people.

As the time for the paying out of this money draws nearer, and since it is now a certainty, there has been a marked increase in the sales of these cars. During the past week Mr. Todd has sold four, one to Mr. J. L. Herron of Starr, one to Dr. J. M. Hobson of Townville, one to S. A. McCowan of Anderson and one to Mr. W. A. Speer also of this city.

Mr. Todd stated yesterday that he now had on hand only three touring cars and that he expected to sell them within the next few days. He also said that he believed that the newspaper advertising in this county had enabled him to place so many automobiles.

ALFALFA CLUB WILL BE ORGANIZED HERE

MEETING IS CALLED FOR
NEXT SATURDAY AF-
TERNOON

LARGE ATTENDANCE

Is Expected and all Interested Par-
ties Are Invited—Is Wonderful
Crop and Has Been Tried.

Mr. S. M. Byars, farm demonstration agent of Anderson county, calls for a meeting of the farmers and business men of this section on next Saturday afternoon at 2:30 o'clock, in rooms of chamber of commerce at which time an alfalfa club will be organized.

A few days ago a club was organized at Belton and the people in that section seemed to take a great amount of interest in it. Mr. Byars will go to Iva on Friday morning and speak to the gathering there during the chautauqua and while there will organize a club. Mr. Byars stated yesterday that he had received a telephone message from Iva stating that the farmers there were anxious to have the club organized.

The farmers of this section are urged to attend the meeting on next Saturday afternoon. At this time plans for the sowing of a small acreage in alfalfa during this coming season will be discussed, and a time appointed when the members will meet to see about ordering the seed.

Anyone who is interested in alfalfa and has something to say about it are asked to attend the meeting. Several Anderson county farmers have raised this crop and know what it is and what it means in the way of a hay crop and they are especially invited to attend.

Practically unknown in this section a few years ago, alfalfa is now getting to be one of the main hay crops with many farmers. Those who have grown it state that it is the best paying crop they plant and that nothing can equal it as a hay crop. Several cuttings may be made every year and in this way a large yield may be obtained.

WILL BEGIN LAYING THE ASPHALT TODAY

WILL BE FOLLOWED BY FI-
NAL SURFACE IN DAY
OR SO

WORK DELAYED

On South McDuffie St. Because of
Rain on Tuesday Afternoon—
To Fix Railroad Tracks.

The paving contractors will begin laying the asphalt binder on West Market street this morning, beginning at Maxwell avenue and working toward Main street. It will take about two days to lay this "hot stuff" and then within two or three days asphalt surface will be placed on the street.

Many people will doubtless visit West Market street this morning to see the binder put down. This is the first street on which the work was started and it since has now been closed to traffic for several weeks, the people generally are anxious to see it opened up.

Mr. Sanders, city engineer, stated yesterday that he expected the concrete mixer to go back to West Market street on Saturday and lay the concrete at the Charleston and Western Carolina railway tracks, which are now being lowered so that this part of the street will conform to the general grade.

The work on South McDuffie street was delayed yesterday morning on account of the rain Tuesday afternoon which made the street too wet for laying the concrete base. However, the work is going on this morning as usual.

Darken Gray Hair, Look Young, Pretty

Sage Tea and Sulphur Darkens
So Naturally That Nobody
Can Tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

Some of the Pleasing Features--

"From the rush to the hush" is what someone said was the feeling they had when arriving in North Anderson from the center of the city. It gives the feeling of SUBURBAN QUIET and RESTFULNESS, and yet you know the business district is in CLOSE PROXIMITY. The city car service is good and by automobile the distance is a matter of four or five minutes drive through Anderson's prettiest residence streets, or you can walk into town in twelve to fifteen minutes any day.
